GERMINOL H

DETERGENT / DISINFECTANT SOLUTION

SALES SHEET

Germinol GP- Detergent/Disinfectant Solution has been designed specifically for hospitals, offices, motels, nursing homes, schools, food processing plants and other institutions where housekeeping is of prime importance. Germinol GP- Detergent/Disinfectant Solution is a cleaner disinfectant and sanitizer designed for general use in schools, food processing plants and light industrial and hospital applications where housekeeping is of prime importance in controlling the hazard of cross contamination. When used as directed, Germinol GP- Detergent/Disinfectant Solution is formulated to disinfect hard non-porous inanimate surfaces such as walls, floors, sink tops, toilet bowls, tables, chairs and telephones. For larger areas such as patient care facilities and restrooms, the product is designed for both general cleaning and disinfecting. In addition, Germinol GP- Detergent/Disinfectant Solution deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage area, empty garbage bins and cans, toilet bowls and any other area which are prone to odours caused by microorganisms.

DISINFECTION: To disinfect hard non-porous inanimate surfaces such as walls, floors, table tops, apply solution with mop, cloth or sponge so as to wet thoroughly. Allow surface to remain wet for 10 minutes and then let air dry. At 24 mL per L dilution, Germinol GP- Detergent/Disinfectant Solution exhibits effective disinfectant activity against the organisms *Salmonella enterica*, *Staphylococcus aureus*, *Pseudomonas aeruginosa*.

At this level the product is also fungicidal against pathogenic fungi, *Trichophyton mentagrophytes*. For surfaces and/or objects that may come into direct contact with food and/or children at the mouthing stage of development, a rinse with potable water is recommended. Avoid contamination of food during application and storage.

Application	Dilution	PPM
General disinfection	24ML/L of water	800PPM
Mildewstat, regular cleaning and disinfection	15ML/L of water	500PPM
Food contact surface sanitation	6ML/L of water	200 PPM

Health Canada Authorization:

Germinol GP DIN # 02496747 IS EFFECTIVE AGAINST Poliovirus type 1 (ATCC VR-1562 Chat strain), Human Adenovirus type 5 (ATCC VR-5, ATCC VR-1516), Bovine Parvovirus (ATCC VR-767) or Canine Parvovirus (ATCC VR-2017), Ebola Virus.
